Light Truck Tires

MICHELIN[®] LTX[®] A/T²

These Tires Provide Class-Leading¹ Off-Road Traction and Durability With Uncompromising On-Road Comfort and Handling.

MICHELIN® LTX® A/T²

Superior Off-Road Traction. MICHELIN® Biting Edges™ — notched blocks in the tread pattern — dig into nearly any surface for better off-road traction on dirt, mud, gravel and wet grass.

A More Comfortable Ride than Leading Competitors.²

MICHELIN® Comfort Control Technology™ uses computer-optimized design and precision manufacturing to offer greatly reduced vibrations and road noise.

Longest Tread Life³ **in Its Class.**¹ The optimized contact patch shape, provided by MaxTouch Construction™, helps deliver exceptionally long tire life under the toughest conditions.

¹ Based on comparisons against the leading competitors in the Recreational On-Road All-Terrain class.

² Based on Michelin internal subjective comfort and noise test results versus Bridgestone® Dueler™ A/T Revo and Goodyear® Wrangler® SA tires.

³ Based on third-party wear test results versus the Bridgestone® Dueler™ A/T Revo and Goodyear® Wrangler® SA tires.
